

## Rockwell Parts

Rockwell Parts - The business of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for service, technology, delivery and quality. They believe in working within an atmosphere that encourages the highest integrity with empowered teamwork, together with a unyielding pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They place great emphasis on being an environmentally conscious business and providing a safe environment for their employees to work in. Also, they have applied many programs in the corporation to help convey these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with any comments or questions, because they are glad to promote and share this policy with a greater knowledge of their efforts. They are extremely committed to preserving and improving the natural environment. AxleTech has an EHS program that not just protects the natural environment but which even actively protects their neighbors and workers too.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles meant for both commercial and military applications. These applications vary from airport ground support to construction equipment. AxleTech specifically designs axles to meet certain application demands. They have more than one thousand various axle specs in their current offering. With more than 100+ years of experience and history, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in various military and commercial applications. They provide complete axle assemblies for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have further details that can be seen in the "ISAS" product collection.
