

Lull Telehandler Part

Lull Telehandler Part - Lull telehandlers have been providing precision load placement since the year 1959. Whether the task involves positioning heavy steel, landing loads on scaffolding or transferring loads, utilizing a Lull telehandler would help make the task go easier and faster. These units are available along with the patented Stabil-Trak stability system so as to ensure operator confidence.

The Lull horizontal load placement system provides 80 inches of boom travel for precision placement capabilities. Various optional accessories is accessible for Lull telehandlers to help complete whatever work.
